

IUCr Workshop **Membrane Proteins: From Gene to Crystal**
23 August 2005
Florence, Italy

Chair. Martin Caffrey

Expression, purification and crystallisation of membrane proteins: towards rational approaches

Bernadette Byrne
Department of Biological Sciences
Imperial College London, United Kingdom

Detergents and lipids as tools for handling integral membrane proteins

R. Michael Garavito
Biochemistry and Molecular Biology
Michigan State University, East Lansing, Michigan, USA

Dealing with inclusion bodies

Susan Buchanan
Laboratory of Molecular Biology
NIDDK, NIH, Bethesda, Maryland, USA

Membrane protein crystallization in lipidic mesophases

Martin Caffrey
College of Science
University of Limerick, Limerick, Ireland
